

## XIII SCIENTIFIC CONFERENCES OF THE BANCO DE MOÇAMBIQUE

### “Interaction between monetary and macroprudential policies in Mozambique

June 10, 2022 | 08: 00 Hours | Montebelo Indy Maputo Congress Hotel

## INVITATION

### EXTENSION

The Banco de Moçambique (BM) is honored to invite the general public to participate in the XIII Scientific Conferences, to take place on **June 10, 2022, from 08:00 hours, at the Montebelo Indy Maputo Congress Hotel in Maputo. Two research papers on the “interaction between monetary and macroprudential policies in Mozambique”,** selected by a jury independent of the BM, will be presented at the event.

**Dr. Luís Brandão Marques**, Deputy Division Chief at the Monetary and Macroprudential Policy Division of the International Monetary Fund.

The titles of the research papers selected by the jury for presentation are as follows:

1- “Analysis of the impact of macroprudential policy on financial stability and its interaction with monetary policy: empirical evidence for the case of Mozambique” by Mr. Roque Magaia and Mr. António Chichava; and

2- “Analysis of the effect of the interaction between monetary and macroprudential policies on the level of risk exposure of the banking sector in Mozambique”, by Mr. Ezequiel Alexandre Moiane.

In addition, the BM will share experiences regarding macroprudential policy implementation in Mozambique.

The schedule and documentation of the event are available at the BM's website, at Events - Scientific Conferences.

**Those interested in participating shall register by May 26, 2022, via the email address [jocibam\\_2021@bancomoc.mz](mailto:jocibam_2021@bancomoc.mz), stating the full name, profession/ activity sector, institution and landline/mobile number. The BM will confirm the registration by responding to the provided email, prioritizing the first 40 (forty) registrations.**
