

VISUAL SUMMARY

(BALANCE OF PAYMENTS - Q1 2023)

The slowdown in mega project imports underpinned the decline of the financing needs of Mozambican economy from USD 5,056.5 million to USD 585.5 million, a narrowing in the current account deficit. However, excluding mega projects, the current account deficit increased.

Foreign direct investment slowed to USD 460.1 million, driven by the decline in investments in the extractive industry.

Incurrence of new foreign loans slowed in the public and private sector.

REPORT - INFOGRAPHICS

(BALANCE OF PAYMENTS - Q1 2023)

The slowdown in mega project imports underpinned the decline of the financing needs of Mozambican economy from USD 5,056.5 million to USD 585.5 million, a narrowing in the current account deficit. However, excluding mega projects, the current account deficit increased from USD 971.5 million to USD 1,364.9 million.

**Financing needs
(current account deficit)**

↓
88.4%

Main financial account movements

Exports (foreign sales)

↑
0.3%

Slight increase in export revenues, especially natural gas and heavy sands, partly offset by the decline in exports of coal, aluminum, electricity and agricultural products.

Imports (foreign purchases)

↓
66.1%

Sharp drop in imports influenced by the transaction of the import of the Coral Sul floating platform for gas production in the Rovuma basin. Without this effect, imports increased by 8.4%.

Service deficit

↓
58.8%

The increase in revenues from transport and travel services contributed towards the improvement of the services account.

Primary income account deficit

↓
7.4%

Decline in private debt interest payments supported a decrease in foreign income payments.

Main financial account movements

Foreign direct investment

Foreign direct investment slowed to USD 460.1 million, underpinned by the decline in investments in the extractive industry.

Foreign indebtedness flows

Total disbursements

Incurrence of new foreign loans slowed in the public and private sector.

International reserves

USD 72 million ↑

The economic transactions between Mozambique and the rest of the world provided for an increase of USD 72 million in international reserves in the period concerned.
